Ethnic-Europeans, who make up 95% of the smallest continent, are baffled by the sinister anti-White propaganda displayed in commercial advertising. Propaganda promoting mixed-race relationships, particularly white women with black men, has become so general, even the least observant have begun to notice.

Based on small glimpses of marketing sub-culture, one might assume half or more of all relationships involve some sort of race-mixing. The combination of white women with black men is the most common mixed-race couple depicted in race-hate advertising.

If race diversity advertising was truly about appealing to the greatest number of customers or potential customers, it seems an odd strategy to focus so much on one combination, while ignoring so many others. This suggests a sinister and subliminal purpose behind the race mixing trend.

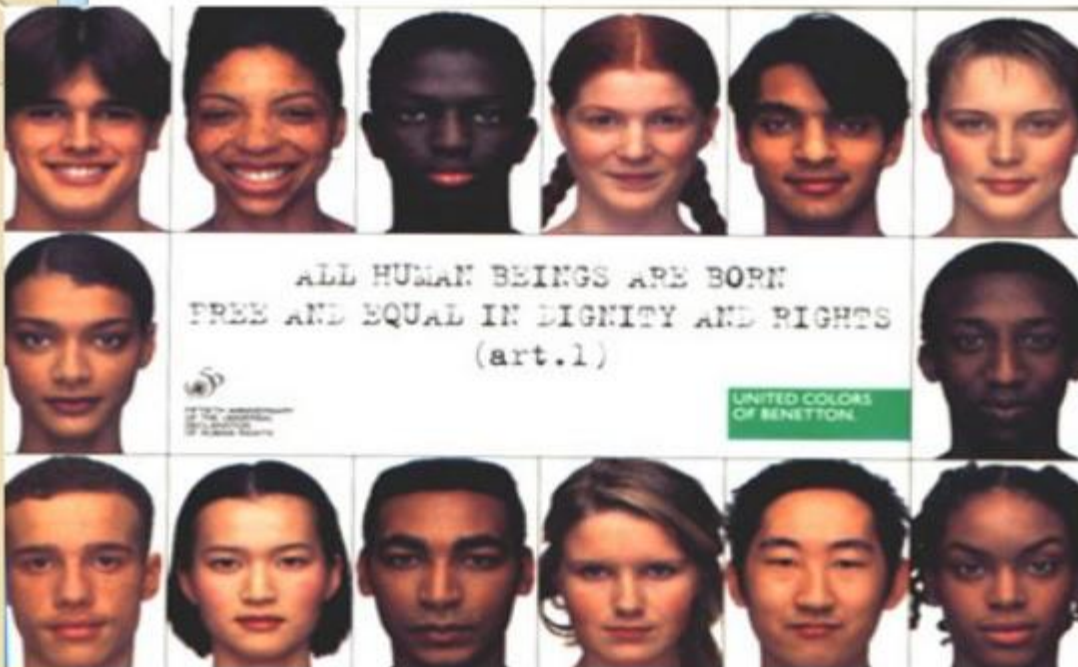

### **THE MIXED RACE IDEAL IS A LIE**

Research reveals that ethnic-Europeans are the least likely to marry outside of their race. Mixed race relationships are provably flawed. In terms of combined average incomes of interracial marriages, black husbands with white wives earned the lowest amount of any other combination. The black husband and white wife combination were also the least educated.

Of the interracial combinations, marriages between whites and blacks were found to be the least stable, and the most likely to result in divorce. The divorce rate is higher in *all* interracial marriages for white women relative to a white marriage.

## Benetton Advertisement “Beauty in Diversity”

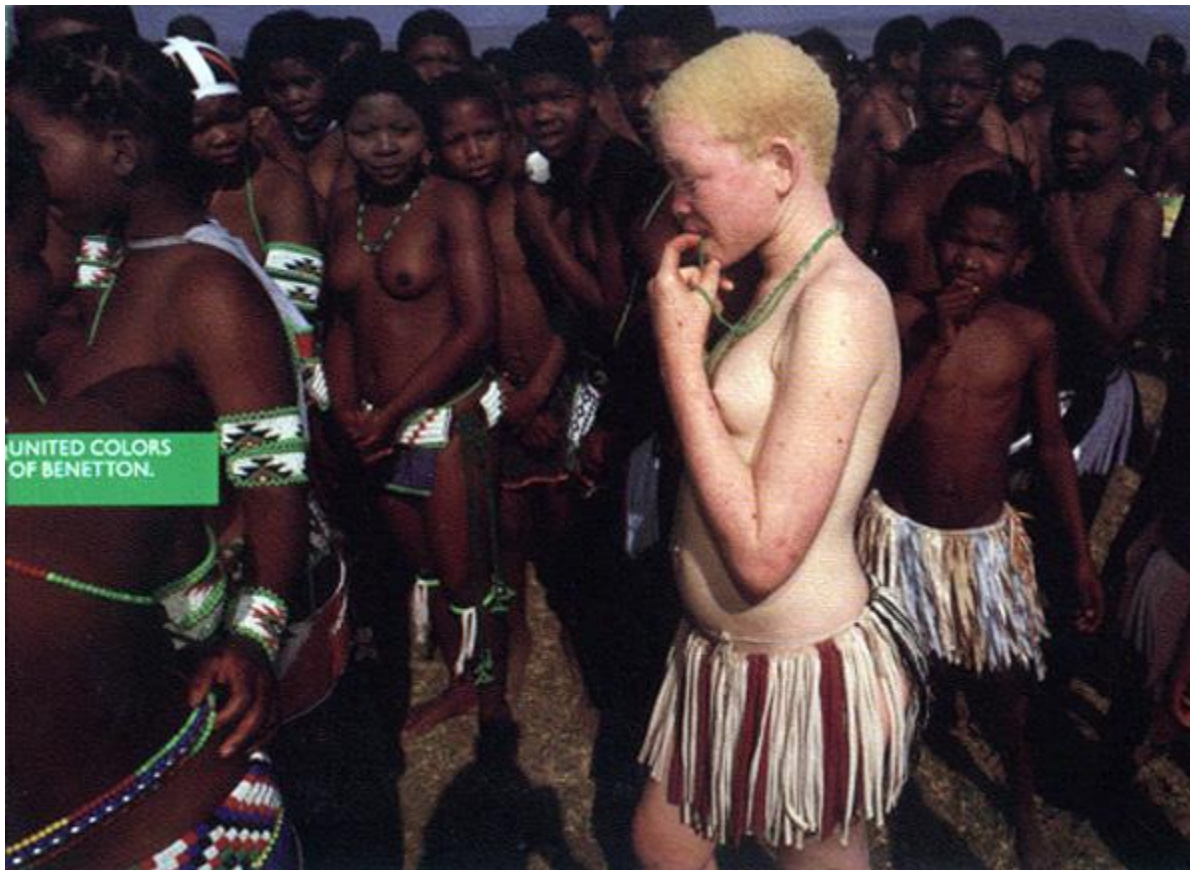

A study of over two million online dating interactions revealed distinct racial preferences between groups. White women are strongly against race-mixing, they respond most frequently to white men and least frequently to black men. In light of this data, it is all the more bizarre that the combination of a white woman with a black man is seen so frequently in advertising.

**RACE BASTARDISATION HAS PROVED TO BE A CATAclysmic FAILURE**

Sexually transmitted disease rates per the 2016 Centre for Disease Control speak for themselves. A 2015 study examined the outcomes of women that have children with black men, the results were staggering. Currently, 70% of black children are born out of wedlock; however, when the mother is white and the father black, the rate jumps to 97%. 98% of white mothers studied reported the father does not support their children financially, 97% report the father is not in the child's life, and 97% of the women have used welfare to help support themselves and their children. Only 10% of women that have children with black men out of wedlock end up marrying. The vast majority of white women that have children with black men live far below the poverty line.

A 2013 study of intimate partner violence in relationships, surveyed nearly ten-thousand people, the authors hypothesised that interracial couples experience higher levels of violence compared to same race relationships. They found that compared to white relationships, *both* black couples and interracial couples experience statistically significant higher levels of relationship violence.

Partner violence is classified as threats, physical, or emotional violence between two people in a committed relationship. The National Centre for Injury Prevention and Control estimates that relationship violence costs around \$4.1 billion a year in medical and mental health care costs.

### **IDENTIFYING WHITE SUCKERS**

Idealistic youth lacks discernment; the younger the cohort, the more likely they were to say the increase of interracial marriage is for the better. Liberals were more likely than conservatives to say interracial marriages are for the better. College graduates were also more likely to support the same fanciful nonsense.

A noted researcher says that after a considerable amount of spent time in academia he concludes that the longer one spends in academia, the more apt one is to be indoctrinated by critical theory. There is likely also a self-selection bias at work as well. Those who are more likely to buy into the narrative of critical theory are more likely to thrive in an environment that echoes their sentiments.

## **RACE DESTRUCTION**

Pew Research 2010 found that 69% of people surveyed said that single women having children is a bad thing, 43% say unmarried couples raising children is a bad thing, yet hypocritically only 14% say interracial marriage is a bad thing. There is something particularly dumb about being in favour of interracial relationships, while at the same time conceding the self-destructive outcomes of those relationships.

Research reveals that whites are the least likely to marry outside of their race. When white women marry outside of their race they are more likely to be abused, to become single-mothers, live in poverty, and that whites dating outside of their race exposes us to a higher chance of contracting a sexually transmitted disease.

We know that despite fashionable acceptance, white people continue to show a natural disgust response to interracial relationships. We also know that despite the tsunami of diversity propaganda in films, television, and in advertisements, same-race couples are still the most common relationships, by far.

### **MALICE BEHIND RACE-MIXING PROPAGANDA**

Few believe that interracial advertising under the guise of “diversity” is about selling clothes or laundry detergent or cereal. The real purpose of mixed race advertising is to present a distorted worldview, to humiliate, to mock whites, and to make complacent.

White men are the last vanguard against the intrigues of an ethnic group who historically hate Europeans. White women are displayed with non-white men not to sell items but as a tactic of psychological warfare against European culture and civilisation.

UNITED COLORS  
OF BENETTON.

White men are rarely portrayed in a favourable light; they are often the overweight, goofy, clumsy, half-wit that relies on women and non-whites to save the day.

From films to television to advertisements, this is an increasingly common anti-white falsehood. The outcomes are socially and individually undesirable, little if any good comes from promoting white women to date and marry outside of their race. What we are seeing is a systemic attack on white identity.

The psychological effects of advertising are well-documented. Advertising has the ability to make people chose an inferior product simply by manipulating the affective conditioning.

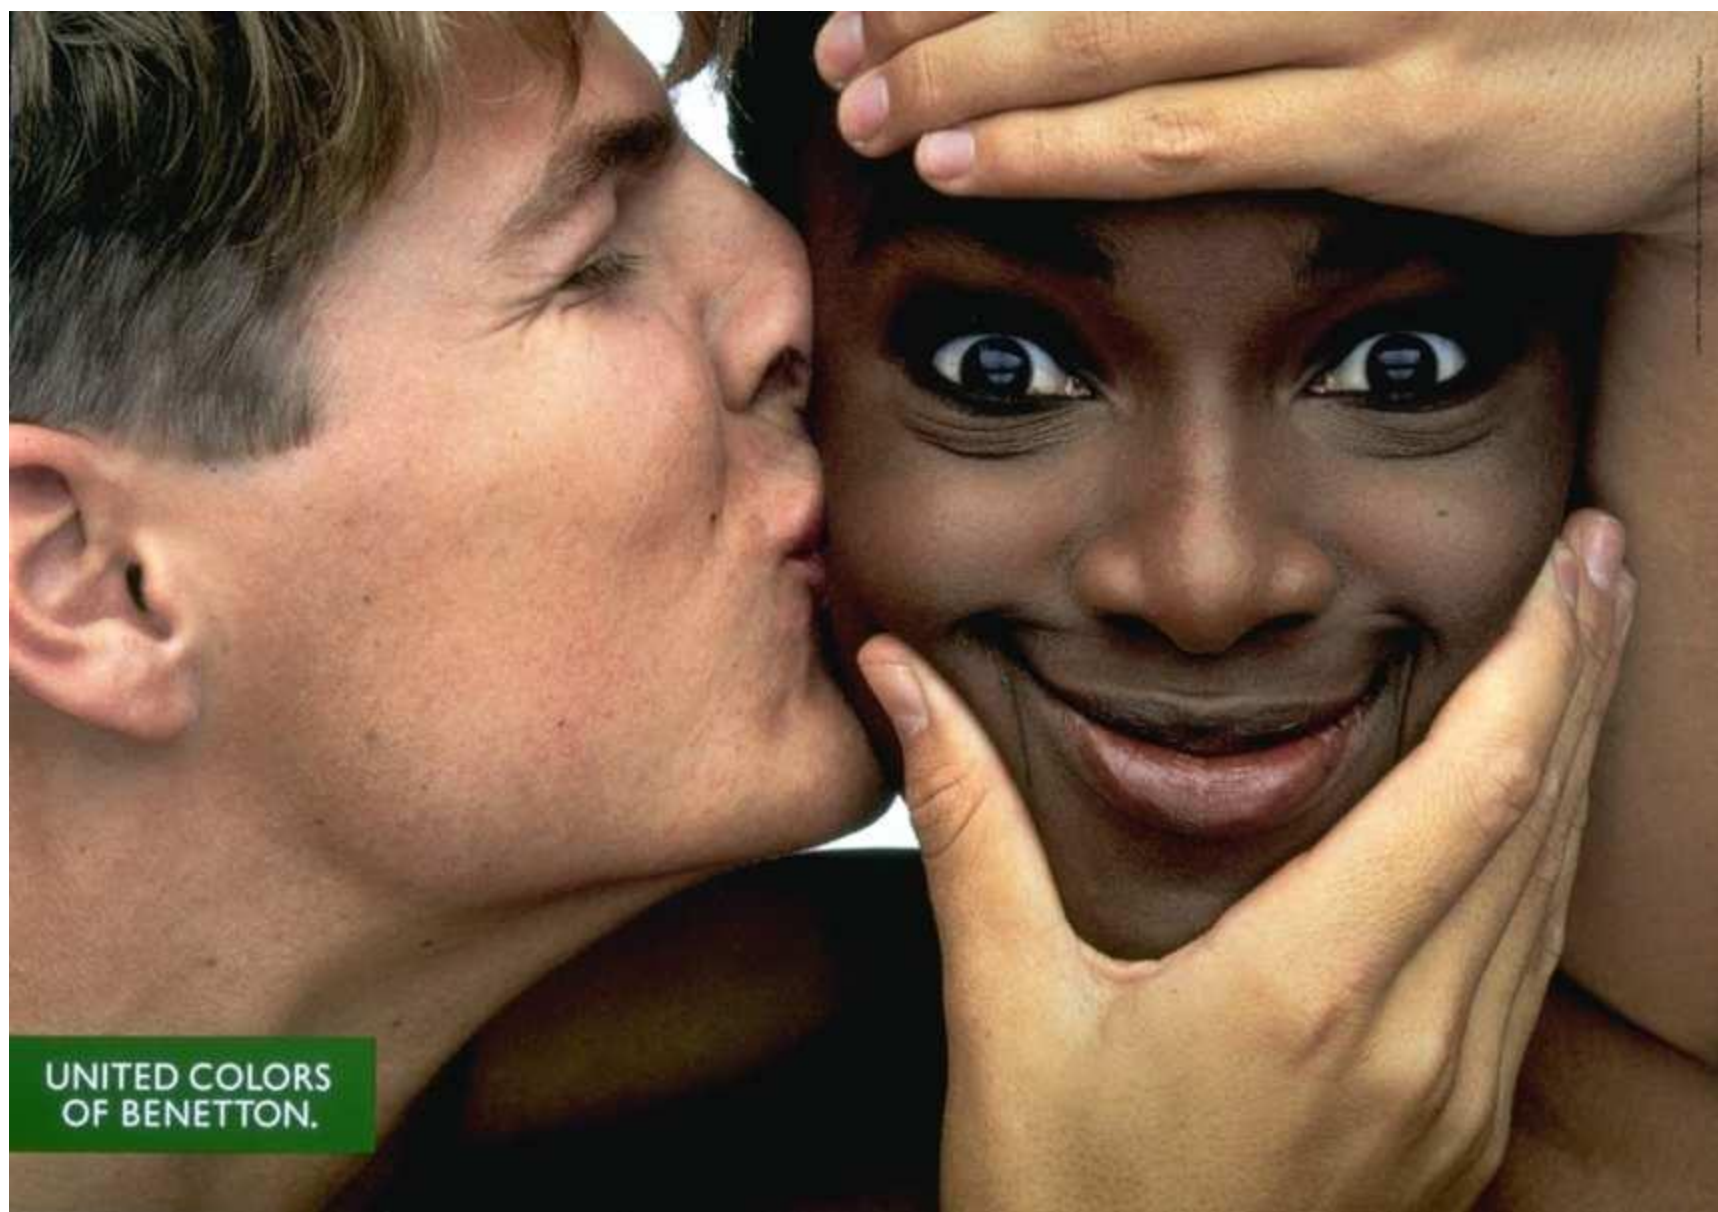

UNITED COLORS  
OF BENETTON.

Studies suggest the average American is exposed to as many as 5,000 advertisements in a day. The power of advertising has the power to condition us to be more accepting of social change. The prevalence of mixed-race couples and an increase of LGBT representation have in no small way changed social attitudes. Although intuitive reactions of disgust remain, outward social attitudes have become accepting of all forms of degeneracy and social decay.

### **TURNING BLACKS AGAINST WHITES**

These images have an effect on black men as well. Blacks are constantly being told by the film industry, TV, and advertising, that dating white women is natural and are falsely led to believe that white women prefer black men to white partners. Faced by reality, the distaste towards blacks by white women, causes resentment which leads to rape, violence and the racist humiliation of white women.

UNITED COLORS  
OF BENETTON.

Nearly 100% of interracial rapes are white women being raped by non-white men (*National Crime Victimization Survey, 2008, Table 42*). These advertising images, which have no small part in warping mentality, not only promote a dysgenic society, they place Whites in a grave danger.

### **THE SINISTER HAND BEHIND WHITE GENOCIDE**

The most belligerent example of anti-white propaganda came from Netflix via a set of three commercials for the company. The series of the three Netflix commercials is titled *The Couple*, which features a white woman and a black man.

The Netflix commercial “Open Relationship” depicts two couples, an interracial couple, and a white couple. The white man is depicted as small, weak, insecure, “non-progressive,” and closed-minded. His white girlfriend quickly decides to cast him aside to

spend the evening with the interracial couple, as the black man quite literally steals the man's girlfriend in front of him, humiliating him.

HLG Studios out of Los Angeles was behind the production of the three creepy commercials. The advertising company has worked on campaigns for a myriad of national brands, from fast food chains to banks, technology companies, and clothing retailers. HLG Studios

was founded by Yuri Baranovsky, the same carpetbagger who directed Netflix's race-mixing, anti-white propaganda pieces. Yuri Baranovsky is Jewish, an ethnic group that is vehemently opposed to Jews forming relationships outside their own ethnic group.

UNITED COLORS  
OF BENETTON.

Just four Jewish owned mega-corporations control the vast majority of all advertising agencies. The Omnicom Group of New York, WPP of London, Publicis of Paris, and Interpublic of New York are the key corporations in the West.

The *New York Times* states that these companies are so powerful “they can indirectly set network television schedules and starve magazines to death or help them to flourish,” by deciding how and when to spend advertising dollars. Each company owns dozens if not hundreds of smaller agencies; Omnicom has bought over 150 firms alone.

Globalist CEO John Wren currently heads Omnicom Group. Omnicom was founded by Allen Rosenshine, Keith Reinhard, and John Bernbach, all three are Jewish and promote the exclusivity of Jews ~ but work hard to destroy ethnic-European ethnicity.

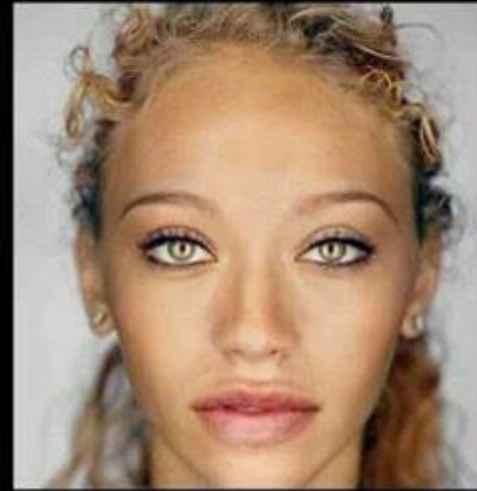

Long-standing CEO of Publicis (1987–2017) has been Maurice Lévy, who cited his rabbi grandfather as his greatest inspiration. Lévy has been honoured by the Anti-Defamation League, for his work fighting anti-Semitism, and his relentless promotion of “diversity”.

WPP of London was founded and is currently run by Martin Sorrell, who is a Jew. Chairman and CEO of the Interpublic Group (IPG), is Michael Isor Roth. Roth condemned the “white supremacist ideology” at Charlottesville as he wrote in an internal creepy-weepy memo to 50,000 IPG employees.

THEY WANT TO CREATE **THIS**,

TO DESTROY **THIS**?

**THIS** IS White Supremacy

There is clearly a disproportionate number of Jews and those with Jewish sympathies involved in mass media advertising. From small start-up firms to multi-billion-dollar corporations, all of which are promoting hostile anti-white falsehoods, while praising “diversity” and “inclusion.”

If you wanted to destroy a civilization, how would you go about it? If you wanted to create a dysfunctional and impotent society, what would be your weapon? What better way to destroy the white family than to encourage white people, especially white women, to mate with foreign men unlikely to support them or raise their children.

If you wanted to create a chaotic society that is easy to lord over, you would ensure that the children are raised by and are dependent upon the state whilst the menfolk are marginalised and seen as social pariahs by their own people. What better way to destroy a people than to promote a relationship that can never produce white children and that is by nature race destructive? It is carefully calculated ethnic-European genocide fuelled by Jewish hatred for Christian Europeans.

The media, the press, and advertisers – and businesses that use these race-destroyers have created a culture of anti-white hatred. These companies are not merely promoting racial bastardisation and trying to appeal to a wider range of consumers, they are promoting the increased abuse and sexual degradation of white women.

These iniquitous advertising corporations are not selling products, which they anyway fail to move from the store shelves. Great department stores like House of Fraser, Debenhams and similar, who used these Jewish controlled products, are falling like flies. These once great companies simply do not have non-Jewish marketing agencies; they are victims of Jewish monopoly too.

The race-destroyers purpose is to recreate a nation without ethnic-Europeans. Race mixing propaganda says bluntly that white children are not wanted in the New Order and White men have no place in the globalists' nightmarish world.

## **IS THERE AN ANTIDOTE**

How can ethnic-Europeans challenge the Jewish War against ethnic-Europeans? An expert writes, “Every single time I come across an advertisement that highlights “diversity” in an absurd way or promotes miscegenation, I make a point to share it online and with my friends and family.

# UNITED NATIONS

## POPULATION REPLACEMENT

SCOTLAND

SWEDEN

GERMANY

ENGLAND

# WHITE GENOCIDE

NONJOB

I personally take note of companies that insist on promoting miscegenation and do not spend my money with them. If they want the “diverse” consumer, they can have them.

**PRESERVE YOUR BLOODLINE!  
PRESERVE YOUR CULTURE!**

**NORMAL**

**ABNORMAL**

**RACE MIXING IS WRONG. RACE MIXING IS DILUTING OUR  
BLOODLINES. THE MARXIST GOAL IS THE ERADICATION OF THE  
WHITE RACE IN EUROPE, EITHER BY RACE REPLACEMENT! OR  
OUT BREEDING! THIS IS WHAT WE CALL WHITE GENOCIDE.**

**PROTECT YOUR RACE!**

The future of civilization, the future for our people, is only being offered by one group of people, and that is us. We are in many ways the last vanguard against a system that would greatly prefer our extinction. Every film that has a hostile anti-white message should be reviewed, critiqued, and dissected by those writing articles and creating podcasts.

# United Nations

## Population Replacement

Ethnic-Europeans have the intellectual ability to develop their own critiques, to be warriors against this cultural insurrection, and to let anti-white Jewish racists know a worldwide Christian boycott against mix race advertising will destroy their malicious miscegenation strategy. The message is, refuse to purchase goods from any company that uses racist advertising to promote race bastardisation.

### **THE FINAL WORD:**

“One needed only to look at the posters announcing the hideous productions of the cinema and theatre, and study the names of the authors highly lauded in order to become permanently adamant on Jewish questions. Here was a pestilence, a moral pestilence from which the public was being infected.

It was worse than the Black Plague of long ago. And in what mighty doses this poison was manufactured and distributed. Naturally, the lower the moral and intellectual level of such an author of artistic products the more inexhaustible his fecundity.

Sometimes it went so far that one of these fellows, acting like a sewage pump, would shoot his filth directly in the face of other members of the human race. It was a terrible thought, and yet it could not be avoided, that the greater number of Jews seemed specially designed by Nature to play this shameful part.” ~ Adolf Hitler. *Mein Kampf*. *ibid*. 42.

Yes, vomit-inducing isn't it. However, there is one series of adverts that have only ever featured indigenous white normal people. And what I hear you ask, are they? They're the Pay Day loan ads. As you all know these ads try to lure we people into uncontrollable debt. Funny that eh?

efore becoming Chancellor, MERKILL was dead against this alien invasion of Germany! She KNEW it would never work for ethnic-European Germans and said so [https://www.youtube.com/watch?time\\_continue=2&v=uwwskZl6GQM](https://www.youtube.com/watch?time_continue=2&v=uwwskZl6GQM)

Voice of Europe did some research into Angela Merkel's past and it is shocking. Merkel was never pro-migration but she has betrayed her own people now as a chancellor.

Merkel used her later pro-migration stance to gain power in a leftist controlled German regime. She is a career politician who had completely different views in the past.

In the year 2000 Merkel said: "The multicultural society is not a viable form of living and I believe that as well" Later, in 2002 she criticises the then government for not having a migration limit, something that she herself has not had for a long time.

She says: "Before we have any new migration we have to first improve the integration of foreign children living in with us." Read more: <https://voiceofeurope.com/2018/06/the...>

Little puppet germany (small g) of today is technically still without a constitution (the „Grundgesetz“ – NOT a „Verfassung“ – was imposed on her by the “liberators” of Neuroppe and never decided upon by its own people) and still technically at war with Sam (nobody's “Uncle”); his pal (and agent of influence) John (Bull); the Russian bear and this cocky fourth lad whose name I just never can recall – but I remember that the three others had to cannibalise a Serbian flag to improvise its flag in this sordid room in which the German forces [Wehrmacht-Heer (and Waffen-SS); -Luftwaffe; -Marine] had to unconditionally surrender to the invading forces of the enemy. A peace treaty was never ever signed with Germany's only legal government: the Third Reich and the Reichspräsident of it; a certain Karl Dönitz unfortunately arrested as a common law criminal a few days after the signing of this military capitulation. In other words, Germany is still an occupied country. Incidentally: the same problem will one day come to the surface for the Republic of Irak whose last legally

acknowledged President was murd... – sorry! – hanged after yet another of these funny “trials” which became in fashion after the Nuremberg mockeries.

This is mostly why poor „Stasi” Merkel HAS NO OTHER OPTION but to smile meekly; swallow her pride (as she is indeed intelligent and far from the sorry image which she is forced to convey) and to comply with any order discreetly issued to her by the little guys set to destroy Europe (this time, spelled with a E as I am not talking about that jellyfish in Brussels... but of a geopolitical concept.)

À bullseye! In Greater South Africa (the SA from Verwoerd to “PW” – subsequently delivered to the ANC at a bargain price by “Kerensky” De Klerk) such mixed (mixed up?) mating couples (and their byproducts) were dubbed “etchings” (studies in black and white). In the late eighties when discreetly referring to Blacks; we would talk about “Swedes”... a form of warning perhaps?...

I wonder if we shall not see – some day soon – racial traitors dangling from oak trees? That is... if they don’t beat us to it...

The problem with us, appropriately dubbed “Goyim” but also labelled the “Gentiles” (from the French « Les gentils »: the kind ones) isn’t just that we are very much « les gentils » to the rodents (our major predators)...

It is also that we are so [expletive deleted – we wouldn’t like to shock... wouldn’t we?] NAÏVE!

To the point – all around Neurop (Switzerland having yet to “join the club” – but they’re always soo sloow... NOT brighter) – of willingly surrendering our arms to the authorities – “for our ‘protection’ ” that is...

Actually, most of the “Jews” today are not Of Jacob (Israel) or Judah. Most are Edomite / Canaanite or Khazar (Goyim). If you want to know where the true Israel is, just study it out starting with Genesi 28:14. The “Lost 10 tribes” are not lost at all. Ezra says after the Assyrian captivity, they chose to go into the “Lands of the North”. Ezekiel prophesied that they were overrun and pass through the descendants of Japheth, Gomer, etc who were in the North. DNA studies show the original Europeans had different Y-DNA then the later migrations of Celts and Scythians. (The Jewish gene is “J” is actually from the Edomites, not Israel.) Study all civilizations who tell of being descendants of Israel or whose roots can trace back to Israel Captive in Assyria, and you’ll find one common Haplogroup in their midst, “R”. Study the “myths” and “Legends” of Europe and you’ll very quickly find where they come from. The White Race is truly the most blessed race for a reason. (They are not the Goyim.)

Fifty years ago, an elderly friend of mine who had his own succesful advertising company probably give me the key to resolve most of our perplexity on the advertisement topic: he mentioned to me that ALL advertising campaigns in France were targeted at the average IQ of the adult potential consumer (at that time “consumerism” started more or less around 21... the age of civic majority – they didn’t need immature voters then): TWELVE YEARS OF MENTAL AGE.

That was France... then a country the subjects of which could still read or write... sometimes do both... and still had a vocabulary averaging five hundred odd words.

After having travelled extensively in lesser cultured places... I have a feeling that – nowadays – one could safely divide this figure by two FOR THE ENTIRE PLANET that is (thanks to the “globalists”).

Be kind to the human species... shoot an advertiser.

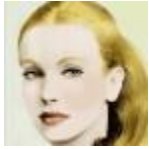

Message to Mike... when you think about PUBLICIS and their malevolent, perverted ‘brains’, please include Marcel Bleustein-Blanchet...

Excellent article. However, many of your photos, especially the ones in your slideshow section, are of ALBINO blacks. See here:

[https://sharenator.com/Albino\\_africans/](https://sharenator.com/Albino_africans/)

<https://en.wikipedia.org/wiki/Albinism>

That is where you got most of your photos from. Black genes are dominant & White genes are recessive, that's why racially mixed children have predominately black features like kinky hair & coffee & cream skin. White skin & red or blonde hair in an African is a sign of being an albino. Not racially mixed.

I get that Jews/elites manipulate, I get that the goal of ads is propaganda, etc. But just like the likely outcome contradiction in the polls you cited, what is driving the ability to place ads that dont support financial survival is free money printed by central bankers. In other words a never ending stream of money created by earners (white people) and then transferred to Jews/elites. So you have to go after the source...the F'ing jew bankers and the elite combos. Yes, the French were right in the revolution, and so it needs to occur again. This time a constitution of constitutional controls needs to be implemented to curtail the Jewry and elites desire to create an underclass.

Unless understands that all this effort on their behalf, coupled with the periodic warring of the “White” race upon itself over the last 200 years, especially, is a component of the war and enmity declared by Jehovah to be between the “seed of the woman” [the commonly-labeled “White” race] and the “seed of the Serpent” [includes the deceptively-named “jews”, “Arabs” (a Hebrew word, “arab”, that means “to be darkened or to be made dusky through weaving, braiding, mixing”), the artificially-named, “Hispanics” (actually “Mestizos”), etc.

The “synagogue of Satan” is stepping up the attack knowing full well that their time is limited and their end is sure, as described well in Obadiah and multitudes of other places.

The “generation of vipers” is eaten up with vitriol at the possibility that true Israel will awaken to her peril and repent of her whoredoms so as to fulfill her place as the wife of Jehovah Elohim of Abraham, Isaac, and Jacob, and He her Husband.

“And so all Israel shall be saved”

My first sentence is incomplete. Unless one understands all that, then one can be easily funneled off down purposeless rabbit trails, even to thinking that political processes will produce a favorable result.
